***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or render obvious the steps of bonding a base wafer to the second side of the substrate after forming the narrow blades, and etching through the vias on the first side of the substrate to release the structures, as recited within the context of independent claims 47, 52, 56, 66, and 75. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
